

Open Tender Notice

Tender for Sale of Scraps

(Tender Ref.: PLD-MP801/26/2-5)

1. Following the Customer's Substation Upgrade Project, our company is selling the used iron doors and related iron parts.

- **Item** : Used iron doors, door frames and louvers (referred as: scrap iron parts, to be treated as scrap material and cannot be reused).
- **Quantity** : Approximately scrap iron parts from 250 Customer Substation. (The figure is for reference only; the total quantity will be based on the actual amount generated).
- **Delivery Method** : CEM is responsible for transporting the dismantled scrap iron parts to the site designated by the winning bidder. The winning bidder is required to arrange for weighing and unloading at the site.
The scrap iron parts will not be delivered all in once. The winning bidder will receive deliveries in batches and phases according to CEM's schedule for replacing the new doors. After the scrap iron parts are delivered to the site designated by the winning bidder, both parties shall jointly use the site's weighbridge for weighing. The weighing document must be signed and confirmed by personnel from both parties on-site as proof of settlement.
- **Pricing Method** : Calculated based on the actual weighed weight, the pricing unit is "MOP/ton".
- **Duration** : Estimated to be 2 years, subject to the actual completion time of the customer substation upgrade project.
- **Reconciliation** : It is recommended that both parties perform reconciliation monthly or quarterly for all batches received during the period.
- **Payment** : After both parties have confirmed the reconciliation without discrepancy, the winning bidder must settle the payment in full at our company's cashier within 7 days of receiving notification from CEM.

2. Our company reserves the right not to sell all or part of the items if the bid prices are not reasonable, without the need to provide an explanation.
3. Proposal must include a detailed Method Statement (outlining the approach to handling, managing, and disposing of scrap materials (the method statement should be in accordance with applicable regulations and environmental principles) and provide relevant proof/document and report to CEM for record after the disposal). For report requirement, please refer to the "Requirement Guideline for End-Of-Life (EOL) Plan and Waste Management Report" attached. Failure to submit a Method Statement and the required information may result in disqualification.
4. All proposals shall be submitted in a closed envelope, with labelled the tender reference **PLD-MP801/26/2-5** and deliver to the following location **before 5:00pm on 24/Apr/2026**:

Companhia de Electricidade de Macau – CEM,S.A.
Estrada D. Maria II, Edif. CEM, Macau
(Reception at Ground Floor)

5. For any inquiries, please contact Ms. Lo at 8393 1151.
6. If necessary, you may take a look at the used iron door, door flame and louvers at Rua de Madrid No. 51, PT1239.
